Coffee Meets Bagel November 15, 2017 We're so sorry about this. With Coffee Meets Datijg, we try to find you matches that you share mutual friends with vs. Almost 100% of the people that I have met on this site have been scams and then a day after I meet them have baggel removed. I know this isn't coffee the apps fault, but more of the people who use the app. Im sure other users are noticing too lol. If I wanted a video app I'd use snapchat. Fingers crossed, I have my hopes up. But forces you to get beans. Much more modern, easy to use, fating it seems like there are more nice guys on here, too. Now I understand why this app has not been such a great success!!. The timer for matching bagels to coffee is natural feeling and wasn't obstructive. But poor customer service Coffee Meets Bagel November 13, 2017 We're so sorry about this. If course the more it gets out there in Canada, it might be better. Also, I was experiencing minor problems. We just passed the 1. The photo lab is a joke gage everyone just spams the picture on the right in a desperate attempt to earn more beans so it is essentially useless. No way to signify you like someone without paying. We focus on delivering you quality Bagels. I wanted this app to be a success, I really did. Seems like a little transaction is hidden in every corner. daging This app just continues my frustration for the dating scene overall; I actually had more success with the likes of Tinder and OkCupid than I did coffee and bagel online dating this app. I know this coffee particularly the apps fault, but more of the people who use the app. Lights ... Camera ... Bagels! Every interaction with a girl requires paying. So it isn't learning, but purposefully make the one free attempt worthless. By using this site, you agree to the and.
